Community Policing Teams

Community Policing is a new policing model introduced across Wiltshire Police in 2016, it has replaced the previous model of separate teams such as Neighbourhood Policing and Response, to bring together all officers, civilian staff and Special Constables in an area to work as one Community Policing Team.

How to contact your local team:

- If your call is an emergency please dial 999.
- If you need to report a non-urgent crime/incident/anti-social behaviour, request an update on an investigation or make a complaint then please dial 101.
- To contact your CPT about a community-related matter, such as a school visit, then please email cptnorthwiltshire@wiltshire.pnn.police.uk

To receive regular updates about policing in your area please sign up for our free Community Messaging service www.wiltsmessaging.co.uk

Hankerton Community Consultations

I will also be dropping into the church coffee morning every five weeks starting 29th July, which will provide residents the opportunity to say hello and air any issues / concerns they may have which are police related.
