Night-time Wildlife of Cloatley Meadows SSSI

Join Wiltshire Wildlife Trust and Butterfly Conservation to learn more about the wildlife of your local area including the very rare Barberry Carpet Moth. North Wiltshire is the stronghold of this species and there is a Heritage Lottery Funded Back from the Brink Project to help conserve it. You may like to be involved!

We are running an evening moth trapping event and a morning session going through the some of the moths that have been caught. Please contact us to book and provide your details so we can contact you in the event of cancellation. Lift share where possible as parking is limited at Cloatley Meadows SSSI.
