Free Range & Traditional British Pig Breeds

Artisan Jack™

*By eating traditional breed pork you are supporting the breed
by ensuring it has a firm footing in the food chain
and this is the best way to ensure their long term survival;
rare breeds become rare because they are not being eaten
and therefore not being bred!*

Slow food.... is worth the wait!

Our pork packages are now available for pre-order for contactless home delivery, normally Fridays.

His sausages are legendary and his smoked back and streaky bacon is the best you can buy.
